

Serial No. 10/588,805

Art Unit: 3612
Examiner: Jason S. Morrow**REMARKS**

In response to the Patent Office Action of August 5, 2010, the Applicant respectfully requests reexamination and reconsideration. Although the Examiner has set forth a rejection of claims in paragraphs 2-4 of the Patent Office Letter, it is noted in paragraph 6 that the Examiner has indicated that the application can be placed in condition for allowance by an amendment in claim 21 at line 12. This amendment has now been made. Accordingly, the different sloping face surfaces are now defined as sloping top face surfaces.

The undersigned had a brief discussion with the Examiner of record to confirm that by making this amendment, the application should now be allowed.

CONCLUSION

In view of the foregoing amendments and remarks, the Applicants respectfully submit that all of the claims pending in the above-identified application are in condition for allowance, and a notice to that effect is earnestly solicited.

If the present application is found by the Examiner not to be in condition for allowance, then the Applicants hereby request a telephone or personal interview to facilitate the resolution of any remaining matters. Applicants' attorney may be contacted by telephone at the number indicated below to schedule such an interview.
